# 9. After Uni-Assist has received your documents, you will receive confirmation of receipt by email.

After about 4-6 weeks: the status in the online portal will change and you will receive the result of your evaluation by email and letter. Read the evaluation result carefully: is everything in order or are documents missing? If documents are missing, please submit them immediately.

→ After a positive evaluation, you will **receive the VPD by email and by letter**. Upload the VPD document to the THI PRIMUSS Portal within the university's deadline.

#### 5. Choose how you want to be notified

Issue of notifications

You can receive notifications in connection with your application to Technische Hochschule Ingolstadt solely electronically or additionally by post. The electronic notifications in PDF format are sent to your user account on the THI application portal where you can view, print and save them.

Online notification gives you considerable benefits as compared to having the documents sent out by post:

- Generally speaking you will receive notifications 3-5 days earlier online than by post. So you will find out more quickly whether you
  have been accepted to study at THI!
- All documents issued online are available to you round the clock (for the duration of your THI application).
- I agree to my THI notifications being issued to me solely electronically via the application portal. If required by the relevant national law, I will receive additional notifications by post.
- O I do not agree to my THI notifications being issued to me solely electronically via the application portal. I wish to continue receiving all university notifications by post.

Note: After the application process, your decision will be saved for your studies. You can alter this decision at any time in the application portal under "Settings" or later in the student's portal under "My account".
